

ACU Business Services

REMOTE DEPOSIT CAPTURE

Remote Deposit Capture from America's Credit Union lets you deposit checks directly from your business. That improves your cash flow and saves money and fuel. It also lets you and your employees stay focused on business.

How does it work?

Simply plug your check scanner that we provide into your computer, then log into our secure URL to complete installation. Your computer is now ready to scan and deposit your checks.

Why is it a better way to deposit checks?

Remote Deposit Capture lets your business:

- Deposit checks quickly and easily from your business
- Improve cash flow because you can receive funds faster*
- Save time by conveniently depositing checks from your business, rather than making time-consuming trips to the bank
- Protect your check deposits by securely processing them

Is it secure?

Absolutely. With Remote Deposit Capture, checks can be deposited immediately, so there are no worries about losing or misplacing checks. You also won't have to worry about you or your employees trying to make it to the bank in a timely manner.

How do I get started?

Simply fill out the form on this web page and America's Credit Union will contact you shortly with more information.

For more information please call 253-591-6881 or visit any ACU location.

Thank you for choosing America's Credit Union.

**Availability subject to ACU's funds availability policy.*
