

GAP ADVANTAGE Highlight Card

Guaranteed Asset Protection Advantage (GAP Advantage) protects your borrower against financial loss in the event their vehicle is damaged beyond repair (totaled) or stolen and never recovered.

BENEFITS TO THE BORROWER

- Eliminates or reduces “out of pocket” expenses for the remaining loan balance after loss settlement
- Borrower is able to purchase replacement vehicle sooner because there is little or no carry-over balance
- Borrower may purchase up to 1 year from effective date of loan
- May cover a deficiency balance up to \$50,000
- Fully refundable within first 60 days if no GAP Advantage benefits have been paid

KEEP IN MIND

- GAP Advantage may provide \$1,000 towards new loan when a borrower returns to the Financial Institution for replacement financing
- In some cases, the insurance settlement may have covered the loan balance. In this instance, the Borrower is still eligible for the GAP Advantage benefit.
- In order to receive this benefit, the Financial Institution must file a claim with SWBC within 90 days of the insurance settlement.
- Borrower may purchase up to 1 year from effective date of the loan. Vehicle value must be obtained at time of GAP purchase to establish current LTV.

LIMITATIONS

- GAP Advantage will not cover any delinquent/skipped/missed payments in excess of the maximum allowable (as indicated in rate schedule).

Note: Under the terms and conditions of the GAP Advantage Waiver, a skipped payment is a payment that is not made in accordance with the payment schedule as defined in the original loan agreement and is therefore considered “unpaid”.

In the event of a claim, all delinquent/skipped/missed payments of any kind, in excess of the maximum allowable, will be deducted from any payable GAP Advantage benefit.

Example: Borrower has 3 missed payments. Rate Schedule indicates coverage for 2 missed payments. GAP Advantage Benefit will cover 2 payments and deduct for 1 payment.

- Portion of the loan at origination that exceeds 150% of MSRP (new auto, van, light truck) or 150% J.D. Power (used auto, van, light truck). Refer to rate schedule for maximums on all eligible collateral.

Example: Vehicle value at loan origination = \$20,000, Amount Financed = \$27,000, Loan to Value = 135%
 GAP Advantage Limit of Liability = \$20,000 x 125% = \$25,000

Financial Exposure = \$2,000 (amount not covered by GAP Advantage)

Amortization of \$25,000 will define what the outstanding balance should have been on date of loss.

- Maximum Limit of Liability for any claim shall not exceed \$50,000.
